Friday morning is good for me to have a call. Thanks for the map! I am going to start working on a letter to send to the PRPs for Ohio, so any info you all can share would help me!

Katrina, do you plan on coming to OKC on April 29th to talk about RI sampling? I want to make sure I have it on my calendar.

Thanks!
Amy

Todd, the ATSDR Initial Public Health Assessment Draft is in final headquarters review. Expected release in about 2-3 months. Since the document is in final review, the next available public involvement stage will be during the comment period. The comment period usually lasts 30-days.

I believe that Amy relayed the Open House date yesterday and our plans to meet with the group. I stepped out, but just want to confirm that we will meet with the tribal trustee group from 230-330/400pm and then open it up to the community from 4-7pm.

Amy/Todd, are you available for a call Friday to discuss Ohio Oil? Or perhaps, late on Thursday between 2-400pm? I have attached a map that lists Ohio Oil owners. Lance had this put together.
